Stalin Could Be 'Trojan Corpse,' Allen Dulles Says

LOS ANGELES (AP) — The

Soviet Union's anti-Stalin campaign may be a deception to meet external and internal dilemmas, says the head of the U. S. Central Intelligence Agency.

"A dead and dishonored Stalin is likely to be merely a device—possibly a Trojan corpse rather than a Trojan horse—with which the long suffering Russian people are, I fear, to be deceived in their expectation of a freer and better life," Allen W. Dulles told the Los Angeles World Affairs Council.

He said that, by attacking the personal symbol of Stalin, the new leaders hope to preserve many essentials of the Stalinist system, calling it Leninism.
